Appendices

**Appendix A – Review Scope Definition**

1. Click on the [Scope Definition](#) link of the Scope and Delivery Template page

Make sure the SetID = FIU01 and the Report Scope is populated

**Scope Definition**

Enter any information you have and click Search. Leave fields blank for a list of all values.

Find an Existing Value | Add a New Value

**Search Criteria**

SetID: begins with

Report Scope: begins with

Limit the number of results to (up to 300):

[Basic Search](#)

[Find an Existing Value](#) | [Add a New Value](#)

2. Click on **Search**

Favorites | Main Menu > Reporting Tools > PS/nVision > Define Report Request > Define Scope

**Scope Definition**

SetID: FIU01    Report Scope: 110100000

Description:      Business Unit:

Field Combination Table:

**Scope Fields** Find | View All | First 1 of 1 | Last

\*Field Name:     Department

\*How Specified:

Business Unit Keyed Tree

Value Table:

| Personalize   Find   View All   First 1 of 1   Last |           |
|---|-----------|
| Select Value  |           |
| 1   | 110100000 |

In this example the scope is specific to Department 110100000

Note: click the View All link in the Scope Fields window to see all fields and values included in the scope.

**Appendix B – Common nVision Variables/Syntax**

Variables are used in nVision to display information that might change from report to report and avoid hard-coding.

| Variable | Variable Name             |
|----------|---------------------------|
| ASD      | As of Reporting Date      |
| BUN      | Business Unit Description |
| BUV      | Business Unit             |
| LYN      | Layout Name               |
| RBK      | Report Book Name          |
| RIT      | Report Name               |
| RTT      | Report Title              |
| SCD      | Scope Description         |
| SCN      | Scope Name                |
| SFD      | Scope Field Description   |
| SFN      | Scope Field Name          |
| SFV      | Scope Field Value         |
| STD      | Scope Tree Description    |
| STN      | Scope Tree Name           |

**Appendix C – Module Statuses**

**eProcurement**

| Requisitions     |  |
|------------------|--|
| Status           | Definitions  |
| Approved         | The requisition has been approved  |
| Canceled         | the requisition has been canceled  |
| Complete         | Requisition has been selected by the automated Requisition Reconciliation Process and all the Requisition Lines have been closed   |
| Deny             | If Approver denies the Requisition, the Requester will receive an email with comments, Requester can make changes to the Requisition and resubmit for approval (if needed) |
| Line Approved    | One or more requisition lines are approved   |
| Open             | User has begun a requisition and saved for later   |
| Pending Approval | User has completed a requisition and submitted it for approval   |
| See Lines        | Requisition has been partially denied  |

| Purchase Orders           |  |
|---------------------------|--|
| Status                    | Definitions  |
| Approved                  | Non-myFIUmarket PO has been reviewed and approved by the Buyer   |
| Canceled                  | <p>Buyer has canceled and if applicable re-dispatched the entire Non-myFIUmarket and myFIUmarket Purchase Order to the Supplier.</p> <p>*If the Buyer canceled the PO with the option to "do not resource" all requisitions quantities associated to such PO, the requisition will be selected by the automated Requisition reconciliation process and it will be closed.</p> <p>*If the Buyer canceled the PO with the option to "re-source" all requisition quantities associated to such PO, the requisition will be selected again by the automated sourcing process and a new PO ID will be created</p> |
| Complete                  | Non-myFIUmarket and myFIUmarket PO has been selected by the automated PO Reconciliation Process and all PO lines have been closed  |
| Dispatched                | Non-myFIUmarket and myFIUmarket PO has been Dispatched to the Vendor. User can disclose PO number to Supplier  |
| Denied                    | Non-myFIUmarket PO has been Denied by the Buyer  |
| Initial                   | Non-myFIUmarket PO has been added to the system manually   |
| Pending Approval/Approved | Non-myFIUmarket Requisition has sourced to a PO ID sequentially assigned by the system. Non-myFIUmarket PO has been created in the system and it is pending review and approval actions from the Buyer   |
| Pending Cancel            | Buyer has canceled the entire dispatched Non-myFIUmarket and myFIUmarket Purchase Order and it needs to either be manually re-dispatch by the Buyer or by the automated PO Dispatched process which sends the cancellation to the Supplier   |

**eProcurement cont.**

| Receipt        |  |
|----------------|--|
| Status         | Definitions  |
| Hold           | Receipt is on hold until released by user  |
| Moved          | Item has been interfaced to PeopleSoft Asset Management                                  |
| Open           | Not all of the edits have passed. One or more receipt lines are in an <i>Open</i> status |
| Fully Received | All of the edits have passed. All of the lines are in a <i>Received</i> status           |
| Canceled       | All of the lines are canceled. Canceling cannot be reversed.                             |

**eProcurement Line Statuses**

| Line Status | Definition                                       |
|-------------|--|
| Requisition |  |
| Approved    | The requisition Line has been approved           |
| Closed      | The requisition Line has been Closed             |
| Denied      | The requisition Line has been Denied             |
| Open        | User has begun a requisition and saved for later |
| Pending     | The requisition line is pending approval         |
| Canceled    | The requisition Line has been canceled           |

| Purchase Order   |   |
|------------------|---|
| Active           | The PO line has been approved and dispatched and it can be received |
| Closed           | The PO line has been received and vouchered and it is closed        |
| Pending Approval | The PO line is pending approval from the Buyer                      |
| Canceled         | The PO line has been canceled by the Buyer                          |

## eProcurement Distribution Statuses

| Distribution Line Status | Definition   |
|--------------------------|--|
| <b>Requisition</b>       |  |
| Canceled                 | The distribution line has been canceled                                  |
| Closed                   | The distribution line is closed  |
| Open                     | The distribution line is open  |
| Processed                | The distribution line has been processed and is unavailable for sourcing |

| <b>Purchase Order</b> |  |
|-----------------------|--|
| Canceled              | The distribution line has been canceled                                  |
| Closed                | The distribution line is closed  |
| Open                  | The distribution line is open  |
| Processed             | The distribution line has been processed and is unavailable for sourcing |

| <b>Receipt</b> |  |
|----------------|--|
| Cancelled      | The distribution line has been canceled                                  |
| Open           | The distribution line is open  |
| Moved          | The distribution line has been interfaced to PeopleSoft Asset Management |
| Received       | The distribution line has been received                                  |

## eProcurement Budget Statuses

| <b>Requisitions and Purchase Orders</b> |   |
|---|---|
| Budget Status                           | Definition  |
| Valid                                   | There's enough funds  |
| Not Chk'd                               | Not Budget Checked  |
| Error                                   | Error in Budget Check:<br>* No Budget Exists - There's NOT enough funds<br>* Exceeds Budget Tolerance - It's usually project related and the budget may be on hold, closed or out of available funds<br>* Budget Date out of Bounds - Project end date is earlier than budget date<br>* Predecessor Not Found - RefDoc -<br>* Ref'd Doc has been Finalized - The transaction (such as a voucher) has a referenced document (such as a purchase order) that has already been fully liquidated.<br>* Required key CF is blank - Value Required option is set to Required for this key CF (ChartField) on Budget Definitions - Keys and Translations page, but on the transaction line this CF (ChartField) does not have a value. |
| Budget Date (out of bounds)             | The dates specified on a project do not coincide with the date of the Purchase Order  |
| Bypass (on a line)                      | The distribution line has skipped budget checking.  |

## Travel and Expense

| Travel Authorizations  |   |
|------------------------|---|
| Status                 | Definition  |
| Pending                | User has not submitted the TA, or the approver or auditor denied an return it to the user |
| Submitted for approval | User has completed a TA and submitted it for approval                                     |
| Approvals in process   | One of the approvers has approved, and TA is moving along workflow                        |
| Approved               | TA has been approved. Approver and traveler/proxy will be unable to make any changes      |
| Hold                   | Approver places the TA on hold  |
| Closed                 | TA is closed by the user or systematicaly when ER is linked and paid                      |

| Expense Reports      |   |
|----------------------|---|
| Status               | Definition  |
| Pending              | User has not submitted the expense report, or the approver or auditor denied an return it to the user |
| Hold                 | Approver places the ER on hold  |
| Submitted            | User has submitted expense report for approval  |
| Approvals in process | One of the approvers has approved, and expense report is moving along workflow                        |
| Approved for payment | Expense report is authorized for payment processing   |
| Staged               | Expense report is stayed for payment  |
| Paid                 | Employee has been issued a reimbursement  |
| Closed               | ER is closed by the user or Travel Dept.  |

**Appendix D – Module Prefixes**

| <u>Module</u>   | <u>Journal Prefix</u> |
|---|-----------------------|
| Maximo  | MAX                   |
| Pinnacle  | PIN                   |
| Smart Internal Billing                                      | SMB                   |
| Expense Report – Out of Pocket Expenses                     | EXA                   |
| Expense Report – University Card                            | AP                    |
| Purchase Order Vouchers                                     | AP                    |
| Student Financials – Cashier Transactions                   | CS                    |
| Student Financials – All transactions outside of cashiering | SF                    |

All journals have specific prefixes that visually show which module generated the expense/transaction.

**Appendix E - FIU Purchasing Item Category List**
